Workscope

Under the terms of this agreement, the Grantee will address the following elements listed in 49 USC §60134 through the actions it has specified in its Application.

- *Element (2): A process for fostering and ensuring the support and partnership of stakeholders, including excavators, operators, locators, designers, and local government in all phases of the program.*
- *Element (4): Participation by operators, excavators, and other stakeholders in the development and implementation of effective employee training programs to ensure that operators, the one call center, the enforcing agency, and the excavators have partnered to design and implement training for the employees of operators, excavators, and locators.*
- *Element (5): A process for fostering and ensuring active participation by all stakeholders in public education for damage prevention activities.*
- *Element (6): A process for resolving disputes that defines the State authority's role as a partner and facilitator to resolve issues.*

- *Element (7): Enforcement of State damage prevention laws and regulations for all aspects of the damage prevention process, including public education, and the use of civil penalties for violations assessable by the appropriate State authority.*
- *Element (9): A process for review and analysis of the effectiveness of each program element, including a means for implementing improvements identified by such program reviews.*

Accomplishments for the grant period (Item 1 under Agreement Section 9.02 Final Report: “A comparison of actual accomplishments to the objectives established for the period.”)

<i>Objective</i>	<i>Accomplishments (approximate year-to-date numbers as of report date)</i>

Quantifiable Metrics/Measures of Effectiveness (Item 2 under Section 9.01 Project Report: “Where the output of the project can be quantified, a computation of the cost per unit of output.”)

In 2009 MNOPS has conducted approximately 70 Damage Prevention Presentations, 2 Rule Review Meetings, 2 CGA meetings and participated in 8 Utility Coordinating Committees.

Because of this grant, in 2009, MNOPS has been able to dedicate more hours to damage prevention efforts as was spent in all of 2008 (including those covered by the One-Call grant for both years). This has enabled MNOPS to respond to far more complaints of buried facility damages

Issues, Problems or Challenges (Item 3 under Section 9.01 Project Report: “The reasons for slippage if established objectives were not met. “)
